SUPPLEMENTARY INFORMATION:

Background

On February 5, 2020, Commerce published the *Preliminary Results* in the *Federal Register*.¹ We invited interested parties to comment on the *Preliminary Results*. No interested parties submitted comments or a request for a hearing. Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by this *Order*² is prestressed concrete steel wire strand produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pre-tensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand. The merchandise subject to the *Order* is currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the scope is dispositive.

Changes Since the Preliminary Results

As no parties submitted comments on the margin calculation methodology used in the *Preliminary Results*, Commerce made no adjustments to that methodology in the final results of this review.

Final Results of the Review

¹ See *Prestressed Concrete Steel Wire Strand from Thailand: Preliminary Results of Antidumping Duty Administrative Review*; 2018, 85 FR 6501 (February 5, 2020) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Prestressed Concrete Steel Wire Strand from Thailand*, 69 FR 4111 (January 28, 2004) (*Order*); see also *Prestressed Concrete Steel Wire Strand from Brazil, India, Japan, the Republic of Korea, Mexico, and Thailand: Continuation of the Antidumping Duty Finding/Orders and Countervailing Duty Order*, 80 FR 22708 (April 23, 2015).

In the *Preliminary Results*, Commerce determined that SIW did not make sales of subject merchandise at less than NV during the POR. As we have not received any information to contradict our preliminary finding, we continue to determine in the final results that SIW did not make sales of subject merchandise at less than NV during the POR. Accordingly, Commerce determines that a weighted-average dumping margin of 0.00 percent exists for entries of subject merchandise that were produced and/or exported by SIW.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these final results of administrative review. Because we calculated a zero margin for SIW in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results of administrative review for all shipments of the subject merchandise from Thailand entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) the cash deposit rate for SIW will be equal to zero; (2) for previously investigated companies not covered in this review but covered in a completed prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in

which the company was reviewed; (3) if the exporter is not a firm covered in this review, a previous review, or the original investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 12.91 percent, the all-others rate established in the investigation.³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

³ See *Order*, 69 FR at 4111.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: April 7, 2020.
